

Comprehensive and Competitive

KPJ Selangor is a premier full-fledged private specialist hospital built in Shah Alam providing comprehensive with competitive and affordable pricing. With its latest modern and state of the art facilities and equipments, it served as a 'One Stop Health Care Centre' thus making it a popular health destination among the tourists.

KPJ Selangor is supported by a team of Specialists, trained and skilled medical and para-medical personnel, and with the modern management system KPJ Selangor is working towards realising the endeavour to be the premier private hospital in Malaysia, positioning itself as the hospital of choice. It is acknowledged by the delivery of effective and quality healthcare to serve the needs of patients within its vicinity, nationwide and worldwide.

STRATEGIC LOCATION

KPJ Selangor is strategically located within the largest industrial area in Malaysia (Shah Alam Industrial Estate) and in Shah Alam (the

capital city of Selangor state) providing - 169 tastefully furnished rooms (Four Bedded, Two Bedded, Single Standard, Junior and VIP Suites) and fully air-conditioned with television (except Four Bedded) and direct dial telephone facilities.

It is also situated within 35 minutes drive from Kuala Lumpur International Airport (KLIA) and just 25 minutes to the city centre of Kuala Lumpur. This hospital is also conveniently accessed by an excellent network of highways namely the KL-Klang Federal Highway, North Klang Valley Expressway (NKVE), ELITE, LDP, PLUS and

LITRAK. It also sits within a short distance of some international class hotels such as Concorde, Grand Bluewave, Quality and Pan Pacific, Holiday Inn, Sunway Pyramid Hotel and etc.

With the obvious convenience of its location, this hospital immediately serves to stand as a health tourism destination. Many travellers and investors that travel to this vicinity will visit this hospital for their health treatments should the need arise. The well-rounded services offered here has become an attraction when seeking medical care comes to mind.

This hospital is also attractively surrounded by many shopping complexes like SACC Mall, Anggerik Mall, Plaza Alam Sentral and PKNS shopping complexes, golf clubs, Family Water Park, Sunway Lagoon and several tourism attractions.

STATE OF THE ART FACILITIES AND SERVICES

KPJ Selangor has the full and complete range of facilities and are supported by experienced, skilled and competent staff and Specialists in various disciplines. There are currently seven modern well-equipped Operating Theatres, which consist of five major and two minor operating theatres. These are supported by Central Supply Sterile Services (CSSS), which also caters for other Units and Services.

KPJ offers their services at an extremely competitive and affordable price. Internationally recognized highly qualified, experienced and skilled consultants as well as medical personnel serve you here and make your stay most comfortable.

KPJ is also recognized for their quality and safety systems. They are currently ISO 9001:2000 certified, MSQH Accredited, BFHI and Halal certified.

Health Tourism in Selangor

The health tourism sector in Selangor is certainly capable of providing comprehensive and quality medical treatments, facilities and services.

The success of health tourism in Selangor ironically lies in the current economy state. The current exchange rate makes travelling to Malaysia very affordable to foreign tourists to have their medical treatment in Malaysia, especially in Selangor.

Selangor Specialist Hospital Sdn Bhd (formerly known as Selangor Medical Centres Sdn Bhd), an ISO 9001:2000 and Malaysian Society Quality in Health (MSQH) accredited hospital, has been registered with the Registrar of Companies on 4th April 1991 and commenced its operations on 28th June 1996. Being under the wing of KPJ Healthcare Berhad, the largest healthcare group in Malaysia, since 21st March 2006, it is now officially known as KPJ Selangor Specialist Hospital (KPJ Selangor).
